722.623 Persons required to report child abuse or neglect; written report; transmitting report and results of investigation to prosecuting attorney, county family independence agency, or law enforcement agency; pregnancy of or venereal disease in child less than 12 years of age.

Sec. 3. (1) An individual is required to report under this act as follows:

(a) A physician, dentist, physician's assistant, registered dental hygienist, medical examiner, nurse, person licensed to provide emergency medical care, audiologist, psychologist, marriage and family therapist, licensed professional counselor, certified social worker, social worker, social work technician, school administrator, school counselor or teacher, law enforcement officer, member of the clergy, or regulated child care provider who has reasonable cause to suspect child abuse or neglect shall make immediately, by telephone or otherwise, an oral report, or cause an oral report to be made, of the suspected child abuse or neglect to the department. Within 72 hours after making the oral report, the reporting person shall file a written report as required in this act. If the reporting person is a member of the staff of a hospital, agency, or school, the reporting person shall notify the person in charge of the hospital, agency, or school of his or her finding and that the report has been made, and shall make a copy of the written report available to the person in charge. A notification to the person in charge of a hospital, agency, or school does not relieve the member of the staff of the hospital, agency, or school of the obligation of reporting to the department as required by this section. One report from a hospital, agency, or school shall be considered adequate to meet the reporting requirement. A member of the staff of a hospital, agency, or school shall not be dismissed or otherwise penalized for making a report required by this act or for cooperating in an investigation.

(b) A department employee who is 1 of the following and has reasonable cause to suspect child abuse or neglect shall make a report of suspected child abuse or neglect to the department:

- (iv) Social services specialist.
- (v) Social work specialist.
- (vi) Social work specialist manager.

(2) The written report shall contain the name of the child and a description of the abuse or neglect. If possible, the report shall contain the names and addresses of the child's parents, the child's guardian, the persons with whom the child resides, and the child's age. The report shall contain other information available to the reporting person that might establish the cause of the abuse or neglect, and the manner in which the abuse or neglect occurred.

(3) The department shall inform the reporting person of the required contents of the written report at the time the oral report is made by the reporting person.

(4) The written report required in this section shall be mailed or otherwise transmitted to the county family independence agency of the county in which the child suspected of being abused or neglected is found.

(5) Upon receipt of a written report of suspected child abuse or neglect, the department may provide copies to the prosecuting attorney and the probate court of the counties in which the child suspected of being abused or neglected resides and is found.

(6) If an allegation, written report, or subsequent investigation of suspected child abuse or child neglect indicates a violation of sections 136b and 145c or sections 520b to 520g of the Michigan penal code, 1931 PA 328, MCL 750.136b, 750.145c, and 750.520b to 750.520g, has occurred, or if the allegation, written report, or subsequent investigation indicates that the suspected child abuse or child neglect was committed by an individual who is not a person responsible for the child's health or welfare, including, but not limited to, a member of the clergy, a teacher, or a teacher's aide, the department shall transmit a copy of the allegation or written report and the results of any investigation to a law enforcement agency in the county in which the incident occurred. If an allegation, written report, or subsequent investigation indicates that the individual who committed the suspected abuse or neglect is a child care provider and the department believes that the report has basis in fact, the department shall transmit a copy of the written report or the results of the investigation to the child care regulatory agency with authority over the child care provider's child care organization or adult foster care location authorized to care for a child.

(7) If a local law enforcement agency receives an allegation or written report of suspected child abuse or child neglect and the allegation, written report, or subsequent investigation indicates that the child abuse or child neglect was committed by a person responsible for the child's health or welfare, the local law enforcement agency shall refer the allegation or provide a copy of the written report and the results of any investigation to the county family independence agency of the county in which the abused or neglected child is found, as required by subsection (1)(a). If an allegation, written report, or subsequent investigation indicates that the individual who committed the suspected abuse or neglect is a child care provider and the local law enforcement agency believes that the report has basis in fact, the local law enforcement agency shall transmit a copy of the written report or the results of the investigation to the child care regulatory agency with

authority over the child care provider's child care organization or adult foster care location authorized to care for a child. Nothing in this subsection or subsection (1) shall be construed to relieve the department of its responsibilities to investigate reports of suspected child abuse or child neglect under this act.

(8) For purposes of this act, the pregnancy of a child less than 12 years of age or the presence of a venereal disease in a child who is over 1 month of age but less than 12 years of age is reasonable cause to suspect child abuse and neglect have occurred.

In addition to the reporting requirement in section 3, a person who is required to report suspected child abuse or neglect under section 3(1) and who knows, or from the child's symptoms has reasonable cause to suspect, that a newborn infant has any amount of alcohol, a controlled substance, or a metabolite of a controlled substance in his or her body shall report to the department in the same manner as required under section 3. A report is not required under this section if the person knows that the alcohol, controlled substance, or metabolite, or the child's symptoms, are the result of medical treatment administered to the newborn infant or his or her mother.

Sec. 5. Except for records available under section 7(2)(a) and (b), the identity of a reporting person is confidential subject to disclosure only with the consent of that person or by judicial process. A person acting in good faith who makes a report, cooperates in an investigation, or assists in any other requirement of this act is immune from civil or criminal liability that might otherwise be incurred by that action. A person making a report or assisting in any other requirement of this act is presumed to have acted in good faith. This immunity from civil or criminal liability extends only to acts done pursuant to this act and does not extend to a negligent act that causes personal injury or death or to the malpractice of a physician that results in personal injury or death.

722.626 Detention of child in temporary protective custody; preliminary hearing; examinations; report; medical evaluation.

Sec. 6. (1) If a child suspected of being abused or neglected is admitted to a hospital or brought to a hospital for outpatient services and the attending physician determines that the release of the child would endanger the child's health or welfare, the attending physician shall notify the person in charge and the department. The person in charge may detain the child in temporary protective custody until the next regular business day of the probate court, at which time the probate court shall order the child detained in the hospital or in some other suitable place pending a preliminary hearing as required by section 14 of chapter 12A of Act No. 288 of the Public Acts of 1939, as amended, being section 712A.14 of the Michigan Compiled Laws, or order the child released to the child's parent, guardian, or custodian.

(3) If a report is made by a person other than a physician, or if the physician's report is not complete, the department may request a court order for a medical evaluation of the child. The department shall have a medical evaluation made without a court order if the child's health is seriously endangered and a court order

cannot be obtained.

The person, agency, or organization shall not release information identifying a person named in the report or record unless that person's written consent is obtained. The person, agency, or organization shall not conduct a personal interview with a family without the family's prior consent and shall not disclose information that would identify the child or the child's family or other identifying information. The department director may authorize the release of information to a person, agency, or organization described in this subdivision if the release contributes to the purposes of this act and the person, agency, or organization has appropriate controls to maintain the confidentiality of personally identifying information for a person named in a report or record made under this act.

(j) A lawyer-guardian ad litem or other attorney appointed as provided by section 10.

(r) A child care regulatory agency.

(3) Subject to subsection (9), a person or entity to whom information described in subsection (2) is disclosed shall make the information available only to a person or entity described in subsection (2). This subsection does not require a court proceeding to be closed that otherwise would be open to the public.

(4) If the department classifies a report of suspected child abuse or neglect as a central registry case, the department shall maintain a record in the central registry and, within 30 days after the classification, shall notify in writing each individual who is named in the record as a perpetrator of the child abuse or neglect. The notice shall set forth the individual's right to request expunction of the record and the right to a hearing if the department refuses the request. The notice shall state that the record may be released under section 7d. The notice shall not identify the person reporting the suspected child abuse or neglect.

(5) A person who is the subject of a report or record made under this act may request the department to amend an inaccurate report or record from the central registry and local office file. A person who is the subject of a report or record made under this act may request the department to expunge from the central registry a report or record in which no relevant and accurate evidence of abuse or neglect is found to exist. A report or record filed in a local office file is not subject to expunction except as the department authorizes, when considered in the best interest of the child.

(6) If the department refuses a request for amendment or expunction under subsection (5), or fails to act within 30 days after receiving the request, the department shall hold a hearing to determine by a preponderance of the evidence whether the report or record in whole or in part should be amended or expunged from the central registry on the grounds that the report or record is not relevant or accurate evidence of abuse or neglect. If evidence of abuse or neglect exists, the department shall maintain the information in the central registry until the department receives reliable information that the perpetrator of the abuse or neglect is dead.

(8) In releasing information under this act, the department shall not include a report compiled by a police agency or other law enforcement agency related to an ongoing investigation of suspected child abuse or neglect. This subsection does not prevent the department from releasing reports of convictions of crimes related to child abuse or neglect.

(9) A member or staff member of a citizen review panel shall not disclose identifying information about a specific child protection case to an individual, partnership, corporation, association, governmental entity, or other legal entity. A member or staff member of a citizen review panel is a member of a board, council, commission, or statutorily created task force of a governmental agency for the purposes of section 7 of 1964 PA 170, MCL 691.1407. (2) Proceedings on an appeal filed under this section are confidential, and any record of these proceedings shall not be released unless the court upholds a decision to release specified information or reverses the denial of a request for release. The court shall conduct its review so that a person whose request for specified information was denied does not have access to that specified information during the appeal proceedings.

(3) If the court reverses the director's decision to release or to deny release of specified information in an appeal under this section, the court may order the department to pay the appellant's costs and reasonable attorney fees that are related to the appeal.

722.627j Individual not named in central registry case as perpetrator of child abuse or neglect; documentation; request; automated system; definitions.

Sec. 7j. (1) Upon written request, the department may provide to an individual documentation stating that the individual is not named in a central registry case as the perpetrator of child abuse or child neglect. The written request required under this section shall include the individual's affirmation that he or she is employed by, volunteers at, is applying for employment in, or is seeking to volunteer in a child care center, child caring institution, or child placing agency.

(2) For the purpose of applying for employment or seeking to volunteer in a child care center, child caring institution, or child placing agency, an individual may share the document provided in subsection (1) with the child care center owner or licensee, or a child caring institution or child placing agency, or an individual authorized by the child care center owner or licensee, the child caring institution, or the child placing agency.

(3) The family independence agency may develop an automated system that will allow an individual applying for child-related employment or seeking to volunteer in a capacity that would allow unsupervised access to a child for whom the individual is not a person responsible for that child's health or welfare to be listed in that system if a screening of the individual finds that he or she has not been named in a central registry case as the perpetrator of child abuse or child neglect. The automated system developed under this section shall provide for public access to the list of individuals who have been screened for the purposes of complying with this section. An automated system developed under this section shall have appropriate safeguards and procedures to ensure that information that is confidential under this act, state law, or federal law is not accessible or disclosed through that system.

(4) For the purposes of this section or section 7(2)(k) or (l), a case investigated before July 1, 1999 and entered in the central registry is considered a central registry case if that case meets the criteria under section

8(3)(a), (b), or (c).

(5) As used in this section, "child care center", "child caring institution", and "child placing agency" mean those terms as defined in section 1 of 1973 PA 116, MCL 722.111.

History: Add. 2002, Act 716, Eff. Mar. 31, 2003.

722.628 Referring report or commencing investigation; informing parent or legal guardian of investigation; duties of department; assistance of and cooperation with law enforcement officials; procedures; proceedings by prosecuting attorney; cooperation of school or other institution; information as to disposition of report; exception to reporting requirement; surrender of newborn; training of employees on rights of children and families.

Sec. 8. (1) Within 24 hours after receiving a report made under this act, the department shall refer the report to the prosecuting attorney if the report meets the requirements of section 3(6) or shall commence an investigation of the child suspected of being abused or neglected. Within 24 hours after receiving a report whether from the reporting person or from the department under section 3(6), the local law enforcement agency shall refer the report to the department if the report meets the requirements of section 3(7) or shall commence an investigation of the child suspected of being abused or neglected. If the child suspected of being abused is not in the physical custody of the parent or legal guardian and informing the parent or legal guardian would not endanger the child's health or welfare, the agency or the department shall inform the child's parent or legal guardian of the investigation as soon as the agency or the department discovers the identity of the child's parent or legal guardian.

(2) In the course of its investigation, the department shall determine if the child is abused or neglected. The department shall cooperate with law enforcement officials, courts of competent jurisdiction, and appropriate state agencies providing human services in relation to preventing, identifying, and treating child abuse and neglect; shall provide, enlist, and coordinate the necessary services, directly or through the purchase of services from other agencies and professions; and shall take necessary action to prevent further abuses, to safeguard and enhance the child's welfare, and to preserve family life where possible. In the course of an investigation, at the time that a department investigator contacts an individual about whom a report has been made under this act or contacts an individual responsible for the health or welfare of a child about whom a report has been made under this act, the department investigator shall advise that individual of the department investigator's name, whom the department investigator represents, and the specific complaints or allegations made against the individual. The department shall ensure that its policies, procedures, and administrative rules ensure compliance with the provisions of this act.

(3) In conducting its investigation, the department shall seek the assistance of and cooperate with law enforcement officials within 24 hours after becoming aware that 1 or more of the following conditions exist:

(a) Abuse or neglect is the suspected cause of a child's death.

(b) The child is the victim of suspected sexual abuse or sexual exploitation.

(c) Abuse or neglect resulting in severe physical injury to the child requires medical treatment or hospitalization. For purposes of this subdivision and section 17, "severe physical injury" means brain damage, skull or bone fracture, subdural hemorrhage or hematoma, dislocation, sprains, internal injuries, poisoning, burns, scalds, severe cuts, or any other physical injury that seriously impairs the health or physical well-being of a child.

(d) Law enforcement intervention is necessary for the protection of the child, a department employee, or another person involved in the investigation.

(e) The alleged perpetrator of the child's injury is not a person responsible for the child's health or welfare.

(4) Law enforcement officials shall cooperate with the department in conducting investigations under subsections (1) and (3) and shall comply with sections 5 and 7. The department and law enforcement officials shall conduct investigations in compliance with the protocols adopted and implemented as required by subsection (6).

(5) Involvement of law enforcement officials under this section does not relieve or prevent the department from proceeding with its investigation or treatment if there is reasonable cause to suspect that the child abuse or neglect was committed by a person responsible for the child's health or welfare.

(6) In each county, the prosecuting attorney and the department shall develop and establish procedures for involving law enforcement officials as provided in this section. In each county, the prosecuting attorney and the department shall adopt and implement standard child abuse and neglect investigation and interview protocols using as a model the protocols developed by the governor's task force on children's justice as published in FIA Publication 794 (revised 8-98) and FIA Publication 779 (8-98), or an updated version of those publications.

(7) If there is reasonable cause to suspect that a child in the care of or under the control of a public or private agency, institution, or facility is an abused or neglected child, the agency, institution, or facility shall be investigated by an agency administratively independent of the agency, institution, or facility being investigated. If the investigation produces evidence of a violation of section 145c or sections 520b to 520g of the Michigan penal code, 1931 PA 328, MCL 750.145c and 750.520b to 750.520g, the investigating agency shall transmit a copy of the results of the investigation to the prosecuting attorney of the county in which the agency, institution, or facility is located.

(8) A school or other institution shall cooperate with the department during an investigation of a report of child abuse or neglect. Cooperation includes allowing access to the child without parental consent if access is determined by the department to be necessary to complete the investigation or to prevent abuse or neglect of the child. However, the department shall notify the person responsible for the child's health or welfare about the department's contact with the child at the time or as soon afterward as the person can be reached. The department may delay the notice if the notice would compromise the safety of the child or child's siblings or the integrity of the investigation, but only for the time 1 of those conditions exists.

(9) If the department has contact with a child in a school, all of the following apply:

(a) Before contact with the child, the department investigator shall review with the designated school staff person the department's responsibilities under this act and the investigation procedure.

(b) After contact with the child, the department investigator shall meet with the designated school staff person and the child about the response the department will take as a result of contact with the child. The department may also meet with the designated school staff person without the child present and share additional information the investigator determines may be shared subject to the confidentiality provisions of this act.

(c) Lack of cooperation by the school does not relieve or prevent the department from proceeding with its responsibilities under this act.

(10) A child shall not be subjected to a search at a school that requires the child to remove his or her clothing to expose his buttocks or genitalia or her breasts, buttocks, or genitalia unless the department has obtained an order from a court of competent jurisdiction permitting such a search. If the access occurs within a hospital, the investigation shall be conducted so as not to interfere with the medical treatment of the child or other patients.

(11) The department shall enter each report made under this act that is the subject of a field investigation into the CPSI system. The department shall maintain a report entered on the CPSI system as required by this subsection until the child about whom the investigation is made is 18 years old or until 10 years after the investigation is commenced, whichever is later, or, if the case is classified as a central registry case, until the department receives reliable information that the perpetrator of the abuse or neglect is dead. Unless made public as specified information released under section 7d, a report that is maintained on the CPSI system is confidential and is not subject to the disclosure requirements of the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(12) After completing a field investigation and based on its results, the department shall determine in which single category, prescribed by section 8d, to classify the allegation of child abuse or neglect.

(13) Except as provided in subsection (14), upon completion of the investigation by the local law enforcement agency or the department, the law enforcement agency or department may inform the person who made the report as to the disposition of the report.

(14) If the person who made the report is mandated to report under section 3, upon completion of the investigation by the department, the department shall inform the person in writing as to the disposition of the case and shall include in the information at least all of the following:

(a) What determination the department made under subsection (12) and the rationale for that decision.

(b) Whether legal action was commenced and, if so, the nature of that action.

(c) Notification that the information being conveyed is confidential.

(15) Information sent under subsection (14) shall not include personally identifying information for a person named in a report or record made under this act.

(16) Unless section 5 of chapter XII of the probate code of 1939, 1939 PA 288, MCL 712.5, requires a physician to report to the department, the surrender of a newborn in compliance with chapter XII of the probate code of 1939, 1939 PA 288, MCL 712.1 to 712.20, is not reasonable cause to suspect child abuse or neglect and is not subject to the section 3 reporting requirement. This subsection does not apply to circumstances that arise on or after the date that chapter XII of the probate code of 1939, 1939 PA 288, MCL 712.1 to 712.20, is repealed. This subsection applies to a newborn whose birth is described in the born alive infant protection act and who is considered to be a newborn surrendered under the safe delivery of newborns law as provided in section 3 of chapter XII of the probate code of 1939, 1939 PA 288, MCL 712.3.

(17) All department employees involved in investigating child abuse or child neglect cases shall be trained in the legal duties to protect the state and federal constitutional and statutory rights of children and families from the initial contact of an investigation through the time services are provided.

722.628c Interview with child.

Sec. 8c. During an investigation of suspected child abuse or neglect, the child reported to have been abused or neglected shall not be interviewed in the presence of an individual suspected to have perpetrated the abuse.

History: Add. 1997, Act 168, Eff. Mar. 31, 1998.

722.628d Categories and departmental response; listing in child abuse or neglect registry; report to legislature.

Sec. 8d. (1) For the department's determination required by section 8, the categories, and the departmental response required for each category, are the following:

(a) Category V - services not needed. Following a field investigation, the department determines that there is no evidence of child abuse or neglect.

(b) Category IV - community services recommended. Following a field investigation, the department determines that there is not a preponderance of evidence of child abuse or neglect, but the structured decision-making tool indicates that there is future risk of harm to the child. The department shall assist the child's family in voluntarily participating in community-based services commensurate with the risk to the child.

(c) Category III - community services needed. The department determines that there is a preponderance of evidence of child abuse or neglect, and the structured decision-making tool indicates a low or moderate risk of future harm to the child. The department shall assist the child's family in receiving community-based services commensurate with the risk to the child. If the family does not voluntarily participate in services, or the family voluntarily participates in services, but does not progress toward alleviating the child's risk level, the department shall consider reclassifying the case as category II.

(d) Category II - child protective services required. The department determines that there is evidence of child abuse or neglect, and the structured decision-making tool indicates a high or intensive risk of future harm to the child. The department shall open a protective services case and provide the services necessary under this act. The department shall also list the perpetrator of the child abuse or neglect, based on the report that was the subject of the field investigation, on the central registry, either by name or as "unknown" if the perpetrator has not been identified.
